

NIFS®

An ISO 9001:2015 Certified Organization
A Unit of: SSB Institute of Higher Studies

PROJECT DIVISION PROFILE

A COMPLETE SOLUTION FOR FIRE AND INDUSTRIAL SAFETY

SAFETY IS OUR MAJOR CONCERN

www.nifsindia.net

NIFS[®]
An ISO 9001:2015 Certified Organization
A Unit of: SSB Institute of Higher Studies

We are NIFS

In view of the fast industrialization and urbanization globally and the resultant damages, the need for effective and scientific Safety practices have been acknowledged to mitigate the possible damages to man and machinery.

Realizing the need for such professional courses, NIFS under the aegis of Sri Santeshwar Baba Institute of Higher Studies (SSBIHS) has started with a modest beginning at Visakhapatnam as its headquarters with professional courses, viz. Diplomas and Post Graduate Diplomas in Fire, Health, Safety & Environmental Educations besides two years MBA in Safety Management and three years B.Sc programs in India in 2001 took it in the right direction with the mission of abating unemployment and creating employment for young students. Over the years the Institution has strengthened its liaison with various industries and marked excellence in fire and industrial safety education across the nation by having a vast network of 85+ centers with 40,000 students enrolled for industry-relevant qualifications and certifications.

- * We are a Pioneering and Leading Professional Institute in INDIA
- * Ours is an ISO 9001:2015 certified Organization.
- * We have vast network of 85+ centers across INDIA.
- * We are outsourcing Safety & Fire Professionals for various MNC's across INDIA.
- * We deliver Tailor-made Fire and Industrial Safety Projects as per Company needs.

VISION & MISSION

To become a global leader in fire engineering and industrial safety education and consultancy services.

To impart futuristic and comprehensive fire engineering and industrial safety education & consultancy of global standards with a sense of high quality, discipline and social respect.

QUALITY POLICY

1. To achieve global standards & excellence in teaching, research & consultancy by creating an environment in which trainers, students, industries & society at large can excel and get benefited.
2. A passion for creating, sharing & applying knowledge to improve quality of education & consultancy services.
3. To enhance the quality of employees by continuous training.

www.nifsindia.net

Proponents in delivering world class expertise solutions consistently in field of Fire & industrial Safety Management. Boasting diversified industrial experience personnel with rich academic background to clearly meet out the ever growing challenges.

CMC and AMC (Contract Management Center & Annual Maintenance Contract)

NIFS, has grown steadily to be a major Fire & Industrial Safety Service provider in INDIA. We have a 19yrs of professional service experience over wide areas by joining hands with reputed clients in INDIA.

Safety Audits and HIRA Audits

Safety audits may apply similar methodologies used in financial audits to mitigate safety risks within any facility or operation. A sound establishment enterprise must check its safety practices as carefully as its accounting records.

Fire and Industrial Safety Manning Services

Since the dawn of the industrial age, in response to growing requirement for skilled manpower in fire and industrial safety, we have catered to the needs of many industries together with Amazon Seller Services Pvt Ltd, Amazon Transport Services Pvt Ltd, TPCIL, SGPL, Hindustan Coco-Cola Beverages Pvt Ltd, many more...

In-House & Corporate Training (Offline - Online)

In the age of the "gig economy" when employees work remotely, workplace training moves Online. Attendees learn through role-play situations to create a foolproof safety training program that you will refer to time and time again. In-house training is provided by NIFS to the companies/industries. With proper training, workers can eliminate fire hazards and respond quickly if a fire breaks out. In-house training teaches to be familiar with the premises and equipment at the worksite.
